

Capitol Copy Service

Testimonials 2013

“I use Capitol Copy Service because they are creative, fast, accurate and reasonable. They are always willing to go the extra mile to create a unique invitation, get a job done early, and/or meet a budget requirement. While there are printers in closer proximity to me, I have had a great ongoing relationship with Ray and his staff and look forward to continuing to work with them....”

-Lysa, Event and Campaign Manager

Doing business with Capitol Copy has made my life easier! From sending files, receiving proofs and ultimately receiving the final product, the process could not run smoother. The staff is always helpful and we rely on Capitol Copy for all of our printing projects. Thank you!

-Nancy Wiggins, Office Manager

I have used Capitol Copy for both business (as GM of the Trenton Marriott) and personally (both daughters' Bat Mitzvahs). The whole experience, from the initial phone call, through the design phase, until delivery, was perfect every time. Pop ups, last minute requests, and changes were never an issue.
